

CIVIC SPOTLIGHT 2022

Community Consultation Tour

Federal Election Policy and Engagement

As we are nearing the 2022 Federal Election rounds, we would like to use this opportunity to engage with the community and faith leaders in the local LGA.

We have seen firsthand that the economic, social and cultural impacts of COVID-19 pandemic have been felt differently across New South Wales, with more devastating experiences in our LGAs. Through your actions, especially during this pandemic, you have demonstrated leadership and resilience within your constituencies. You have demonstrated that culturally and linguistically diverse communities have an important role and voice that needs to be validated and heard.

To identify localised issues within your LGAs and distil them into priorities for the federal elections, Western Sydney MRC is running a Consultation Tour. As a valued member of the Liverpool LGA CALD communities, we invite you to participate in the event to:

Listen

Gather understanding of the Federal level priorities for CALD communities.

Collaborate

Identify, voice and collaborate on ideas to address community concerns.

Resources

Access the Civic Participation Community Toolkit customised to your LGA.

Join us at one of our LGA online tour meetings. All sessions will be held via zoom and details will be sent to you after registration.
